A black and white photograph of a young man and woman looking out over a dense forest of trees. The woman is in the foreground, seen from the side, wearing a light-colored sleeveless top. The man is slightly behind her, also seen from the side, wearing a light-colored short-sleeved shirt with a small dot pattern. They are both looking towards the right, where a vast expanse of trees fills the background. The text is overlaid in the upper right portion of the image.

DEAN HOWARD HOOVER

It is with deep affection and admiration that we dedicate this '61 Highlander to Dean Howard Hoover. It is our way of expressing our gratitude and our sincere appreciation for all that he has done as teacher, counselor, and friend.

We will attempt in these following pages not only to present a record of the 1960-1961 school year but also to capture the spirit of Pikeville College for the memories of you who read this book in the years to come.

THE CHAPEL

Pikeville College not only outlines a Christian program—Pikeville College is a Christian program. Regular daily worship in the Chapel is a vitally important part of the student's life at Pikeville College. Here in the Chapel, the students come in contact with the finer things of life: good music, art, drama, lectures, sermons, and special types of entertainment. Here in the crowded pews many find that which they have searched for all their lives—Christ.

The President Speaks

As the years pass, you will find that your HIGHLANDER will increase in value because it will become your book of memories. Your college classmates and experiences will be kept fresh in your mind as you review it.

Each individual has made a place for himself by past conduct, but the years ahead will determine the final estimate of all. Each person, therefore, has the opportunity to build a reputation. My sincere hope is that every student enrolled in this HIGHLANDER will build a great reputation and this can be done by constantly striving to give to life your very best. May God guide each of you to a most satisfying and useful life.

A. A. PAGE

DEAN HOOVER

DEAN DAMRON

The unique function of the small church-related college is not only to give instruction in academic subjects, but to give the kind of training in moral and spiritual values that are difficult to attain on a large college or university campus.

Pikeville College is small enough that it can give individual attention to the student in the classroom and in the various campus activities.

It is our sincere hope that as students receive their degrees from this college that they will be better citizens in the communities in which they make their homes because they attended a college that not only had an academic emphasis, but tried to develop the spiritual and moral values of life as well.

Student Council

The projects sponsored by the Student Council for the school year 1960-61 reflected the Council's attempt to sponsor worthwhile school activities that the whole student body and faculty could enjoy as well as promote the welfare of Pikeville College.

Starting with Freshman Orientation in September the Council kept busy throughout the year. The highlight of the year was the Christmas Dance which featured the Jimmy Dorsey Band with Lee Castle conducting. This project was sponsored jointly with the Circle K and was the first time a big name band had been on campus.

Other activities sponsored by the council were: Founder's Day, Homecoming, Dance and Parade. An addition to Homecoming this year was a reception for the newly elected Homecoming Queen held after the Parade in the lounge of the Derriana.

The Council feels that it had one of its most successful years and wishes to thank the student body for the fine cooperation that it gave the council whenever a major activity was planned.

Teacher of the Year

Miss Stella Elkins

It is not surprising to see Miss Elkins repeat as teacher of the year. Her love of teaching and enthusiasm for life bubbles over in her every class. Challenging classroom teaching is not all Miss Elkins does, for her days are filled with numerous activities. She is sponsor of the Freshman Class, co-sponsor of the Student Council, serves on various faculty committees, is regularly a member of the May Day Committee and serves as hostess at college banquets just to mention a few of her extracurricular activities.

She is also active in community and church affairs. For seven years she taught the College Age Sunday School class and in the evening the Westminster Fellowship group. The Woman's Club of Pikeville also uses her talents for book reviews and editor of the "Golden Rod."

For relaxation she likes to read, cook, and have small groups in for dinner. With all her other talents she is a good cook too.

"Who's Who"

Eliza Bell Compton

This year was the first time Pikeville College participated in "Who's Who Among Students in American Universities and Colleges."

Each school is assigned a quota based on enrollment. Juniors, seniors, and graduate students still enrolled in the school are eligible for nomination. Nominees are selected by a campus committee on the basis of scholarship, citizenship, participation and leadership in academic and extracurricular activities, and general promise of future usefulness to business and society. This committee was composed of faculty and students.

The Committee of Pikeville College felt Eliza Belle Compton admirably met the requirements listed above.

COACH PAUL BUTCHER

Paul Butcher, a graduate of Pikeville Junior College, holds the Bachelor of Arts degree from Morehead State College. Before coming home to Pikeville College, Coach Butcher previously was mentor of Meade Memorial High School, where his Red Devils won 32 successive games. In two years as Head Coach of the Bears, his teams have compiled a 39 won, 12 lost, against stiff competition.

In the past two years his teams have advanced to the final position of the NAIA play-off only to be beaten by 3 points in two games. In his first season his team lost to Villa Madonna College in an over-time. The second season his Bears lost what many spectators, radio announcers, and one referee thought should have ended 72-72. (Next year!!!?)

FIRST ROW, left to right: Coach Paul Butcher, George Carroll, Ronald Francisco, John Hunt, Everett Horn, Statistician Joe Sharpe. SECOND ROW, left to right: Assistant Coach John Waddell, Paul Setser, Gerald Preston, Don Elliott, Vern Woods, Donnis Butcher, Pete Campbell.

Bear Facts

The 1960-61 Pikeville College Bears tallied 2,029 points in one of the best seasons since being a senior college. The average per game of 89.2 was well up among the better colleges and universities. Led by All-American candidate, Donnis Butcher, the Bears completed a perfect 13-0 record against colleges and universities outside of the KIAC. Not to be the KIAC Champions the near perfect Bears, bowed out of District 24 NAIA play the second time in as many years. Butcher led individual scoring with 28 points; Woods 16; Setser, 15; Campbell, 14; Horn, 13.

No wonder Mr. Kilgore is smiling. Mr. Harry Altman, Manager of the G. C. Murphy Company, is presenting him with a \$1,000.00 check as a payment on the Murphy Company's pledge to the Pikeville College Development Fund. This is typical of the many businesses and individuals of the area who gave generously to help Pikeville College undertake its \$1,300,000 expansion program.

The buildings are progressing nicely and it is hoped that students will be living in new dorms and eating in a new dining room by September, 1961.

The new Record Memorial Building, which is under construction at Pikeville College, will house a chapel for 850 students and also a new library.

An addition to Derrianna Hall, the girls' dorm.

This is an addition to the boys' dorm. Also in this building will be a new cafeteria.
